### The JSPS Alumni Association of the UK and the Republic of Ireland

The JSPS Alumni Association of the UK and Republic of Ireland was first established in 2003 by researchers who returned to the UK having been funded by a JSPS Fellowship Programme while in Japan (former Fellows). In 2014 inclusion of former JSPS fellows based in the Republic of Ireland was ratified by JSPS Tokyo head office and subsequently the name of the association changed to The JSPS Alumni Association of the UK and the Republic of Ireland. This Alumni Association is continuously increasing in size to currently over 600 active members. With the help of the Executive Committee and Regional Managers, the Alumni Association carries out a number of activities throughout the UK and the Republic of Ireland with numerous benefits for members. The Pre Departure Seminars prepare new fellows for their research experience in Japan. The Alumni Evenings are for members to network in an informal, relaxed atmosphere. There are presentations days for members to speak about their experiences as a fellow and encourage others to apply for JSPS funding programmes. Alumni members co organize symposia in cooperation with JSPS London at their respective universities, which presents the results of research collaboration with their Japanese partners. And finally the BRIDGE Fellowship launched in 2009, is a travel bursary for fellows to maintain or create new collaborative links with the Japanese academic community.
